

# FRPI Laminate Certification Manual – 2008 Edition, Version 1-0

## CONTENTS

REF #	DESCRIPTION	PAGE #
	<b>MANUAL COVER</b>	1
	Laminate Certification Manual Introduction	2
	Manual Contents	3
	<b>SECTION 1 – STANDARD PRACTICES</b>	5
	Standard Practices Introduction	5
SP9000	Laminating Process Certification	6
SP9100	Laminate Certification	24
	<b>SECTION 2 – LAMINATE SPECIFICATIONS</b>	36
	Laminate Specifications Introduction	36
	Generic Resin Types	39
	<b>Laminate Specification Series by Resin Type (more features listed in spec):</b>	
	<i>ISOPHTHALIC POLYESTER LAMINATES –</i>	
LS100	(1) C-Glass veil and MEKP/CoNap cure system	40
LS110	(2) C-Glass veils and MEKP/CoNap cure system	44
LS120	(1) Synthetic Polyester veil and MEKP/CoNap cure system	48
LS130	(2) Synthetic Polyester veils and MEKP/CoNap cure system	52
	<i>FIRE RETARDANT HALOGENATED ISOPHTHALIC POLYESTER LAMINATES (ASTM E-84 Rating) –</i>	
LS200	(1) C-Glass veil and MEKP/CoNap cure system, Class I Fire Rating	56
LS220	(1) Synthetic Polyester veil and MEKP/CoNap cure system, Class I Fire Rating	60
	<i>CHLORENDIC ACID POLYESTER LAMINATES –</i>	
LS300	(1) C-Glass veil and MEKP/CoNap cure system	64
LS310	(2) C-Glass veils and MEKP/CoNap cure system	68
LS320	(1) Synthetic Polyester veil and MEKP/CoNap cure system	72
LS330	(2) Synthetic Polyester veils and MEKP/CoNap cure system	76
	<i>BISPHENOL-A POLYESTER LAMINATES –</i>	
LS400	(1) C-Glass veil and MEKP/CoNap cure system	80
LS410	(2) C-Glass veils and MEKP/CoNap cure system	84
LS420	(1) Synthetic Polyester veil and MEKP/CoNap cure system	88
LS430	(2) Synthetic Polyester veils and MEKP/CoNap cure system	92
	<i>BISPHENOL-A EPOXY VINYL ESTER LAMINATES –</i>	
LS500	(1) C-Glass veil and MEKP/CoNap cure system	96
LS510	(2) C-Glass veils and MEKP/CoNap cure system	100
LS520	(1) Synthetic Polyester veil and MEKP/CoNap cure system	104
LS530	(2) Synthetic Polyester veils and MEKP/CoNap cure system	108

REF	DESCRIPTION	PAGE #
	<b>SECTION 2 – LAMINATE SPECIFICATIONS (continued)</b>	
	<i>FIRE RETARDANT BROMINATED BISPHENOL-A EPOXY VINYL ESTER LAMINATES (ASTM E-84 Rating) –</i>	
LS600	(1) C-Glass veil and MEKP/CoNap cure system, Class I Fire Rating	112
LS601	(1) C-Glass veil and MEKP/CoNap cure system, Bis-A Epoxy VE CB, Class I Fire Rating Exterior, FDA	116
LS620	(1) Synthetic Polyester veil and MEKP/CoNap cure system, Class I Fire Rating	120
LS621	(1) Synthetic Polyester veil and MEKP/CoNap cure system, Bis-A Epoxy VE CB, Class I FR Exterior, FDA	124
	<i>EPOXY NOVOLAC VINYL ESTER LAMINATES –</i>	
LS700	(1) C-Glass veil and MEKP/CoNap cure system	128
LS710	(2) C-Glass veils and MEKP/CoNap cure system	132
LS720	(1) Synthetic Polyester veil and MEKP/CoNap cure system	136
LS730	(2) Synthetic Polyester veils and MEKP/CoNap cure system	140
	<i>FIRE RETARDANT BROMINATED EPOXY NOVOLAC VINYL ESTER LAMINATES (ASTM E-84 Fire Rating) –</i>	
LS800	(1) C-Glass veil and MEKP/CoNap cure system, Class I Fire Rating	144
LS820	(1) Synthetic Polyester veil and MEKP/CoNap cure system, Class I Fire Rating	148
	<i>FURAN (“Furfuryl Alcohol”) LAMINATES –</i>	
LS900	(1) C-Glass veil and Acidic Catalyst cure system	152
LS910	(2) C-Glass veils and Acidic Catalyst cure system	156
	<b>Laminate Specification Series by Application (more features listed in spec):</b>	
	<i>SODIUM HYPOCHLORITE SERVICE (ASTM E-84 Fire Rating) –</i>	
LS2000	Bisphenol-A Epoxy Vinyl Ester Laminates, “Good” Chemical Resistance, Class III Fire Rating	160
LS2010	Brominated Bis-A/Bis-A Epoxy VE Laminates, “Better” Chemical Resistance, Class II Fire Rating	164
LS2020	Brominated Bis-A Epoxy Vinyl Ester Laminates, “Best” Chemical Resistance, Class I Fire Rating Exterior	168
LS2021	Bis-A/Brominated Bis-A Epoxy VE Laminates, “Good” Chemical Resistance, Class I Fire Rating Exterior, FDA	172
	<i>SODIUM HYDROXIDE SERVICE –</i>	
LS2030	Bisphenol-A Epoxy Vinyl Ester Laminates, “Best” Chemical Resistance, 116 mil CA	176
	<i>HYDROCHLORIC ACID SERVICE –</i>	
LS2040	Bisphenol-A Epoxy Vinyl Ester Laminates, “Best” Chemical Resistance, 149 mil CA	180
	<b>SECTION 3 – SPECIFICATION BULLETINS</b>	184
	Specification Bulletins Introduction	184
SB01	Level I Engineered Post-Cure (Convection Oven)	185
SB02	Level II Engineered Post-Cure (Forced Dry Clean Hot Air)	189
SB03	Preparation for Food Grade and High Purity Product Contact (Cleaning)	193
	<b>SECTION 4 – RIGHTS AND RESPONSIBILITIES</b>	196
	Rights and Responsibilities Introduction	196
	Standard Terms and Conditions of Sale	197
	Code of Ethics	198
	Privacy Policy	199
